**CUSTOMIZED**  
**TECHNICIANS** INC

After more than 15 years in the Telecommunications and Data Infrastructure business, we've learned that what you do is not as important as how you do it — and we take care of our clients by putting their needs and requests first.

## Professionalism & Passion for Quality Workmanship

Customized Technicians, Inc. provides a full suite of services, including the installation of telecommunications and data infrastructures in residential and commercial buildings. We pride ourselves on our professionalism, attention to detail, and ability to meet and often beat deadlines.

# SUMMARY

**Founded in 2007 and located in Ft. Worth, TX, Customized Technicians Inc. (CTI) is a Small Disadvantaged, Minority Owned Business with over 30 years of combined Telecommunications Installation & Building Administration experience.**

CTI is currently the largest telecommunications services subcontractor for the major telecom companies in the Dallas/Fort Worth and surrounding areas. When the large telecom companies of the world, such as, AT&T, Time Warner/Spectrum, Charter Communications, Comcast, and Logix need installation services in the markets we serve, they call upon CTI. Though our focus has been on the geographically dispersed Texas markets of Dallas/Fort Worth, Houston, San Antonio, Austin, and Brownsville, our business management skills and experience in the technical field of telecommunications can be brought to bear on client facilities and projects nationwide.

Our mission is to provide professional, on-time, and quality telecommunication installation solutions as a comprehensive value proposition to our nationwide partners and customers.

To become the premier provider of telecommunication installation services Nationwide through the carefully planned and executed expansion beyond our core Texas base, never losing the professional, client oriented approach we were founded on.

## A Message From Our President

CTI was formed on the basic principle of commitment. We apply this principle to everything we do. When interfacing with our partners, clients, or vendors, we are committed to professionalism. When leading our crews, we are committed to fairness. When reviewing work, we are committed to quality. When proposing project timeframes, we are committed to meeting or beating the milestones. When pricing a project, we are committed to being in and maintaining budget. Taken together, the result of CTI's commitment is in a word, Excellence!"
